

(STK) Select Tight Knot Cedar Vertical Profiles

(STK) Select Tight Knot Cedar

BBS Timbers supply Western Red Cedar in varied profiles and mouldings including Select Tight Knot (STK).

(STK) Knotty WR Cedar is available at a considerably lower price point, making it an economical choice for many customers. STK's character of knots gives the end user a unique design of traditional and classic rustic appeal.

Western Red Cedar Select Tight Knot (STK) grade is growing very popular for exterior weatherboard applications. However, the classic appeal of STK Cedar is not just for exterior applications. We supply as wall panelling, ceiling sarking and dressed applications. Available in ex 150x50,200x50, 150x22, 200x22
